Thanks, Emada. I actually don't have the photos. They weren't attached to Allan's initial email to me. I'll see if I can get them on a separate chain.

Hi Brian,

Thank You for the information. It looks like this inquiry may be something that Gita can respond to. Our HOPE Teams will continue to conduct outreach with the City Wide River teams, the LAPD Off Road Team and LAHSA. The photos did not come through, are you able to send them in a separate E Mail?

Take Care,

Hi Gary,

As a follow up to our conversation, I'm attaching pictures from our Laurel Canyon site over the Pacoima Wash. There we have people who are undermining our bridges and have created living spaces underneath. This is a public safety hazard that people are

trespassing in these areas and a water quality issue when the trash from these encampments go into the County's Flood Control channel.

I've reached out to Sanitation as well in terms of our cleanup resources, but I'm seeking your help to identify whether we have the tools we need to evict people living under our City infrastructure. If we do, what does that process look like among the City and in partnership with other agencies? If we don't, do we need an ordinance or something of the like to increase our regulation of this trespassing?

Thanks for your feedback on this. I've also had the CLA I'm working with reach out to Shirley Lau for her input.

Best,

Felicia
